Save more valuable gems for rare and powerful equipment and vice versa Grades of GemsThe five grades of gems have a restricted use based on your character level:.. BasicsGems in Diablo II are socketable items that add magical effects to socketed weapons, shields, and helms.. The expansion, Lord of Destruction, added socketed armor and improved gem buffs There are seven types of gems, each with a different effect relating to its color, and five grades of gems which determine the degree of effect.
